Sub: - **Discussion of CMD with Joint Forum Unions on 16th July 2009 –
strong protest against the wrong and mischievous minutes
issued.**

Ref: - **BSNL/7-8/SR/2009 dated 17.07.2009.**

Sir,

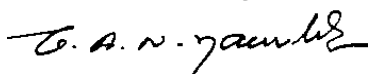

I express my strong protest at the mischievous and wrong minutes issued by the SR section regarding the discussion held between the JF unions and CMD BSNL.

The minutes give only the one sided version of the management with regard to the discussion. This has become a regular practice even with the minutes of the National Council.

In the letter cited above, a completely inaccurate and mischievous twist have been given on the discussion on "Disinvestment" of BSNL through IPO route. The Joint Forum unions had expressed in the meeting their strong protest against any proposal for IPO or Disinvestment. When the CMD BSNL requested to consider his request for IPO, the unions have once again reiterated their protest and strong opposition and stated their determination to continue their opposition. But the minutes give a very wrong picture, which is completely different from the discussion.

We demand that the minutes be corrected and re-issued. We feel that it is being issued wrongly with the malafide intention to discredit the Joint Forum Unions and mislead the workers.

Yours Sincerely,

**V.A.N.Namboodiri
Convener, Joint Forum &
General Secretary, BSNLEU**
